

## **AMOEBBA CONFIRMS THE SUBMISSION OF ITS COMMENTS TO THE FRENCH REGULATORY AUTHORITY**

**Lyon, 14th December 2016 - AMOEBA (FR0011051598 - AMEBA)**, the producer of a biological biocide capable of eliminating the risk of waterborne bacteria, has announced today that it has submitted its comments to the regulatory authorities following the reception of the first draft of the evaluation report (first draft Competent Authority Report) for the active substance of the BIOMEBA biocide, *Willaertia magna C2c Maky*.

The company had until 14<sup>th</sup> December 2016 to submit its comments to the French regulatory body on biocidal products, ANSES.

AMOEBBA will have to wait for the final report, including the consolidation of the first draft and all the comments submitted by AMOEBA, before submitting its request for provisional marketing authorisation for the BIOMEBA biocide. According to the company's estimates, they should receive the final report in March 2017.

**About AMOEBA:** AMOEBA develops a biological biocide capable of eliminating waterborne bacterial risk (legionella, pseudomonas, listeria, etc.). This entirely natural solution is presented as an alternative to the chemical treatments traditionally used in the industrial sector and complies with the new regulations in terms of chemical emissions into the environment. In a worldwide market for chemical biocides estimated to be worth EUR 21 bn<sup>(1)</sup>, AMOEBA is today concentrating on the segment of industrial air-cooled towers (ACT), estimated to be worth EUR 1.7bn <sup>(2)</sup>. AMOEBA is pursuing the regulatory procedures to obtain the provisional MA for all European countries in "Cooling Towers" application. Based in Chassieu – France, AMOEBA is quoted on compartment C of the Euronext Paris stock exchange and joined the CAC® Small index.
