New numbers to contact us

0 800 00 75 35 free from France
00 33 1 49 37 82 36, from abroad

Services tailored to shareholders' needs

This new site will allow your shareholders to complete all of their procedures:

- Update contact details
- Consult assets
- Buy or sell securities
- And many other features

Discover this new space by clicking [here](#)

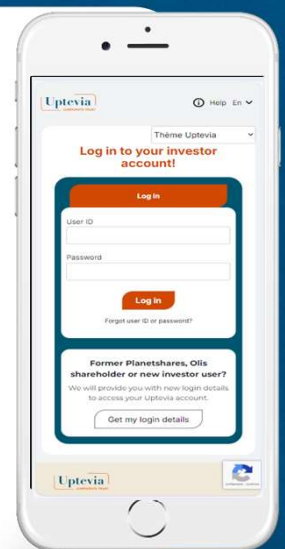

Understanding the connection process

Your shareholders used Planetshares:

- Select the section "You had Planetshares access",
- Click on "Obtain my access"
- Follow the instructions by entering your Planetshares username, access code and password. The username will remain unchanged and the shareholder will be asked to update their password.

If you forget your Planetshares username and/or password, which will be requested one last time to initiate account activation on Uptevia Investors, a customer reference present on the portfolio statements and other certificates as well as an identity document may be required.

In case of request, you will find additional answers in the [Frequently Asked Questions](#) made available to you. Uptevia Investor Relations also remains available for any additional information.

Uptevia's teams are at your side to support your shareholders.
